BREAKOUT SESSIONS 9:30AM-10:20AM A-ADULT G-GENERAL P-PARENT

Session	Topic	Speaker	Description	Room
G	Corewell/Beaumont Health Safe-sitter Class	<i>Corewell Health Pediatric Endocrinology</i> *Runs two hours/must be pre-registered	This session runs two hours (9:30am-11:20am) and is specifically structured for the non-primary caregivers. This class is intended to teach basic skills and knowledge needed to care for the type 1 patient. You must be pre-registered to attend this session.	348
G	Automated Insulin Delivery (AID) and Insulin Pumps	<i>Nader Kasim, MD, FAAP; John Bell & son Wesley; Claire, Kyle, Sasha Lim; Beth Borgemenke</i>	Insulin pumps and how they work - a panel discussion with medical experts and patients.	337
G	CGM: Understanding the Ups and Downs - Grow the Green!	<i>Chelsie Coaster, MS, RD, CDCES</i>	Join us for an in-depth discussion on CGM in T1D management: the bigger the green - the bigger the benefit means!	344
G	Ask the Endo - Panel Discussion	<i>Michael A Wood, MD; Michael R. Brennan, DO, MS, FACP, FACE</i>	A panel of healthcare experts sharing their knowledge of T1D. Have a question, they have an answer!	340
G	Diabetes Burnout and Depression (Type 1's)	<i>Jacinta Florek, LMSW, MPH; Mary McFeters, CPNP-PC, CDCES</i>	An open discussion surrounding this important topic. For all ages and stages of T1D.	341
G	Eating On-The-Run with T1D	<i>Meryl Krochmal, RD, CDCES</i>	This topic will focus on eating healthy and balanced while on-the-run! In between meetings, classes, in the car, or before a workout can still be healthy.	349
G	New Treatments for Severe Lows	<i>Nanette Sabell, RpH, CDCES</i>	Learn about all the different treatment options for Hypoglycemia (low blood sugar).	342
G	Understanding the Insurance Maze	<i>Jeff Hoomaian</i>	This session provides insight into your insurance questions; meet the panel of experts who will help explain your options.	343
A	Pregnancy: What every woman needs to know – before, during and after	<i>Jennifer Wyckoff, MD; Kathleen Estrada, MD</i>	Join the diabetes experts who will share their expertise in women specific issues related to living and thriving with T1D.	327
P	T1D Littles - the Youngest Patients (ages 0-5)	<i>Daniel Elsholz, MD; Kathryn (Katy) Gliner, RDN, MPH, MS</i>	Let's talk about young children with T1D – a group discussion on new technologies and treatments plus strategies to manage the challenges of navigating the early years.	336
P	Parenting Teens with T1D	<i>Jameel M. Smith, PhD, LP, NCSP; Deborah Ellis, PHD; Julia & Rachael Mulvaine</i>	This panel discussion helps provide insights into parenting dilemmas, challenges, triumphs, and sharing tips with others who are on this same journey.	334
P	College Prep for T1D	<i>Karen, Amber, & Trevor Addair, Jillian Sjostrom</i>	College life – what you need to know from those that have lived it! An open and inviting panel discussion of everything from A to Z!	332

BREAKOUT SESSIONS

10:30AM-11:30AM

A-ADULT

G	Sports day management from Walks to Ironman Races	<i>Cassandra Bunker, MSN, CPNP-PC, CDCES; Tom Grossman; Lori VanderWeele, RD, CSP</i>	This session brings you up close and personal with the experts in T1D sports management - Get the scoop on nutrition, insulin management, and safe protocols while exercising from those living and thriving with T1D.	341
G	Innovative Therapies for T1D	<i>Carol Tucker, MSN, APRN-BC, NP</i>	In this session, you will hear about the newest innovative strategies being developed and in current use for T1D.	349
G	Preventing Type 1 Diabetes - New Therapies	<i>Paul Belmonte PHD</i>	Humanity received insulin in 1921. A century later, a new frontier in research of disease-modifying therapies is being explored. Join me as I discuss approaches the scientific community is taking to help bring new and improved therapies to people with diabetes.	342
G	Newly Diagnosed - Navigating the Forest	<i>Inas H. Thomas, MD; Brittany Carey, MSW</i>	A new diagnosis of T1D impacts many areas of your life. We will discuss medical management and follow up, testing for other family members, adjustment, insurance coverage, school, work rights and accommodations.	343
A	Supporting Your Loved One with T1D	<i>Sahil & Riddhi Mehta; Jade Anderson, RN, BSN & husband Quaid; Judy Nechal CDCES</i>	Love and T1D – Join us for an insightful and lighthearted look at relationships and romance.	327
P	Tips, Tricks, & Tools for Navigating Home and School	<i>Colleen Buggs-Saxton, MD, PhD; DeLisa Marble & DaLaya Thomas; Terri Czerwinski, MSN, RN</i>	A panel discussion from the experts in the field – sharing their knowledge of navigating the T1D journey in the home and school environment.	336
P	504 & IEP Plans	<i>Howard (JP) Parmentier; Rebecca (Becky) Rosbolt RN</i>	It takes a team to provide a safe and healthy school environment for a child with T1D - involving parents, caregivers, school staff and the student too. This session provides an overview of the resources all students need to ensure a productive and successful school year.	334
P	Transitioning to Adulthood	<i>April Idalski Carcone, PHD, MSW; Jillian Sjostrom</i>	Adolescents with T1D require special attention when transitioning from being a child to an adult...the same goes for their parents and caregivers! This session discusses the coherence of care, transition strategies, and helps to answer your myriad of questions and concerns around this topic.	332
